Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Monday 08 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly cloudy, some rain in the north and west.

Today:
A largely dry day, although some patchy rain is likely mainly in the north and west for a time. Cloudy but with some bright spells in the morning. Cloud will thicken in the afternoon. Maximum temperature 10 deg C (50 deg F).

Tonight:
Cloud will continue to thicken in the evening bringing some patchy rain. This clears east early in the night to leave a dry but cloudy and mild night. Minimum temperature 4 deg C (39 deg F).

Tuesday:
A dry but cloudy morning. Outbreaks of rain in the afternoon, turning heavy and persistent by the end of the day. Southerly winds strengthening through the day. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
Further occasionally heavy rain and strong winds on Wednesday. This clears to frequent blustery showers on Thursday and Friday with fresh to strong westerly winds.
